Accounts - Village - South Kanara - Descriptive Memoir - Detailed list of jointly registered holders - Draft forms - Submitted.

****

Reference:- Paragraph 2 of Board's proceedings F.No. 4401-34-1 dated 8.1.35.

***

I submit herewith for favour of approval of the Board, draft forms of the descriptive memoir and the detailed list of jointly registered holders to be adopted for the South Kanara district. I have not enclosed a separate form of detailed list of joint Inamdars as there are only about a dozen villages in this district, containing Inams belonging to Churches. If there are any rare cases in them having more than one name, the form for ryotwari joint holders may be used, substituting "T.D.No." for "Holding No.".

2. The form of descriptive memoir proposed is based on the forms approved by the Board for the Trichinopoly, Godavari and Malabar districts.(B.Ps.Nos.36 Press dated 16.7.25, 15 Press dated 28.2.30, and G.O.No.Ms.1046 Revenue dated 25th May 1934). The alterations made are explained below:--

(i) Paragraph 1. As the fasli of introduction is

1344 for the whole district, it has been noted in this paragraph.

(ii) Paragraph 2. Situation:- As the railway runs only in portions of Mangalore and Kasaragod taluks, that portion of the paragraph which gives the distance of the village from the nearest railway station has been omitted.

(iii) Paragraph 3. Area:- This paragraph follows paragraph 3 of the Memoir of the Godavari district, the words "revision survey" having been omitted in the first tabular statement and columns opened for "garden" under "occupied" and "unoccupied" in the second tabular statement. The portion following the second tabular statement is based on paragraph 3 of the Memoir prepared at the last Settlement.

(iv) Paragraphs 4,5,6. Demarcation, Population and Holdings:- These paragraphs follow paragraphs 5 to 7 of the Memoir of the Malabar district, the only alteration made being that the word "village" has been substituted for the word desam amsam in paragraphs 4 and 5.

(v) Paragraph 7. Crops:- In this paragraph have been shown the chief crops out of those mentioned in appendix VII of the resettlement scheme report.

(vi) Paragraph 8. Agricultural stock. Pasturage and Forests. This paragraph embodies the particulars given in the Malabar form as also such of the information as is given in the form adopted for the Godavaris so far as it relates to this district.

(vii) Paragraph 9. Grouping. This paragraph follows paragraph 9 of the Memoir prepared at the last Settlement. According to the provision in the resettlement notification mention has been made in this paragraph that the three classes into which wet land was divided at the last Settlement have not been disturbed at resettlement and that single crop wet lands will not be transferred to double crop or vice versa.

Paragraph 10. Classification and assessment:- This paragraph follows paragraph 10 of the Memoir prepared at the last Settlement with additional particulars Viz., those of "unoccupied" lands.

3. As there are no recognised irrigation works or wells used for irrigation purposes in this district, the paragraphs relating to "irrigation", Kudimaramat, and wells" have been omitted as was done in the form of Memoir of the Malabar district.

4. Inams. I solicit reference to the orders issued in Board's reference F.No.4401-34-1 dated 8.1.35. As only a few villages contain Inam lands the paragraph relating to Inams has been omitted.

5. Village establishment. A separate paragraph for "Village Establishment" appears unnecessary. It does not appear in the Descriptive Memoir of the last Settlement and was omitted in the form ~~appended~~ approved for Malabar in G.O.No.Ms. 1046 Revenue dated 25.5.34.

6. If the forms are approved, I request that the Board may be pleased to instruct the Superintendent, Government Press, Madras, to print and supply me with 2000 forms of Descriptive Memoir. They may be printed on white paper double demy thick 24 lbs. For the detailed list, cyclostyled forms will be used.

There is besides the adjacent reserved forest where grazing may be permitted under the forest rules. There are .....carts, ... ploughs, ...saw mills,.....oil mills.....rice mills .....wooden sugar mills and .....weavers' looms in the village.

9. Grouping:- The wet lands are placed in ~~the~~ the ..... group. The dry lands are placed in the .....group.

The following three classes into which wet land was divided at the last Settlement have not been disturbed at resettlement.

(1) First class wet lands are lands yielding three or two wet crops, the irrigation of which is ordinarily by direct flow.

(ii) Second class wet lands are lands yielding two wet crops, the second irrigated mainly by baling, also lands yielding one wet and one dry crop; Patla and Mogaru lands and the other low lying wet lands which owing to their favourable position have an unfailing supply of water for the first crop.

(iii) Third class wet lands are all less favourably situated

All lands which were registered as double crop at the last Settlement will continue to be so registered and pay for the second crop the same proportion of the first crop charge,(viz) one fourth,as they have hitherto been paying. The consolidated charge must be paid whether a second crop is grown or not. Single crop wet lands will not be transferred to double crop or vice versa. There will be no second crop charge during the resettlement on single crop wet lands.

Board's reference F.No.1978-35-1 dated 3.7.35.

Paragraph 1 of the Board's reference:- I beg to invite attention to paragraph 4 of the memoir of the Malabar District approved in G.O.No.1046 Revenue dated 25.5.34. No mention was made in it of the deductions of 15 per cent and 20 per cent respectively made in that district for wet and dry lands on account of vicissitudes of season and unprofitable areas as required in the sample form given in Appendix XXXIV to Section II of the Resettlement Manual. These particulars were accordingly omitted in the memoir of South Kanara also and the note in question was framed on the lines adopted in the old Settlement Descriptive Memoir. If, however, it is considered that in this district the note in the sample form should be adopted, the following may be substituted for the existing note:-

"It must be distinctly borne in mind that a deduction of 15 per cent in the case of wet lands and 20 per cent in the case of dry lands has been made from the gross produce on account of unfavourable

seasons and on account of any roads, channels, banks, paths etc., that may have been measured in with the cultivated area. The fact of the inclusion of any such Government Poramboke in any survey field does not therefore confer on the cultivator of that field the right of entering on such poramboke or of in any way interfering with it. Any unauthorised encroachment on such poramboke will be dealt with under Act III of 1905 (Madras)."

¶17 etc ¶22 etc ¶22 etc

Paragraph 2 of the Board's reference:- As observed by the Board, column 3 headed "S.C. or D.C." under wet I class (which was copied out from the old Settlement Descriptive Memoir) is unnecessary and may be deleted. A revised form is submitted which may kindly be substituted for the one already sent.. ¶25 below

The draft form of descriptive memoir for the Salt Kanara &c submitted by the S. A. S. O. in charge of Party No 14 is submitted to Govt as amended by the Board for approval.

2. The form follows the lines of the sample form of descriptive memoir given in Sec. II of the Riatt Manual except in the following particulars

1 Para 3 of the draft memoir is:-

of land. The subpara below
this statement has been drawn
up on the lines of that in
the old Sett. description memo
for the district & the references
to the deductions made for non-
productive areas have been
omitted as no such deductions have
been allowed in the case of
garden lands.

(ii) Para 5 of the memo-
Population - No columns have
been provided to show the
details of population accor-
ding to occupation as the
particulars required to fill
up these columns are not
available in the census statistics

(iii) Para 9 of the memo.

Grouping - There are
no tin works in the distt.
& villages have been grouped not
only for dry but for wet lands
also. In para 9 of the draft
memo provision has therefore

(iv) Para 10 of the descriptive memoir table showing classification & assessment of different descriptions of land in

b/p 25 & 26 c.f.

This para corresponds to para 12 of the sample form of descriptive memoir given in the resettlement manual adapted to the circumstances of the district.

(v) As there were no recognised irrigation works in the district or wells used for irrigation purposes the paras relating to wells, irrigation & Kudimaramat have been omitted. Nor is reference made to the village establishment as the S. & S.D. considers it unnecessary to make mention of it.

(vi) There are inams only in

a dozen out of the 799
villages in the district & the
number of inams do not also
exceed 120. The S. & S.
has consequently ~~debating~~ consi-

class wet lands. Perhaps the S.A-S.O. may be asked to explain the necessity for this ~~w~~ etc. For others

Kudimaramat, irrigation & wells

There are no such items in the district & no reference is made to them in the draft form.

xi Inams - There are inams in only a dozen out of the 799 villages in the district & the number of cases also do not exceed 120. The Thasildar therefore deleted the para relating to inams from the draft form. It seems that unless mention is made of the particulars of inam in the memoirs in those villages in which they exist, the memoir may not be complete. If however it is considered that it would be a waste of forms to print the usual heads ... all the forms, it is for consideration whether the Settlement staff may not be asked to add the details of the particular villages in MS.

Please see the previous note & the S. of S.O.'s reply to the two points referred to him at pp 23 & 24 c.f.

(1) Please see the note on para 3 of the descriptive memoir at p 2 above. The S. of S.O. states that no mention has been made in the description for Malabar approved in G.O. 1046 Rev. d. 25-5-34 about the deductions for excesses of areas or unprofitable and that following this he has omitted in the memoir for South Kanara also any reference to the deductions made. From B.P. No 99 d. 28-5-1901 it is found that this sentence was removed from the memoir / no no cheque deduction should been made in the case of garden land

for reasonableness of season or unprofitable area. From the scheme submitted for the Surat Canara Dt. it is found that in the case of this Dt. also no specific deduction for unprofitable areas has been made in the case of garden lands. In the circumstances it seems that the S. A. S. O.'s action in framing this para on the lines of that given in the previous anti-descriptive memoir may be approved. For orders.
